

Starts as post consumer recycled plastic bottles.

Bottles are stripped of labels & caps, then cleaned & disinfected.

The plastic bottles are chopped into flakes, melted, liquified, then re-engineered into our soft IntelliLoft[®] fibers used in both our recycled eco fiber fill & recycled eco fabrics

How we turn plastic bottles into beds

: The story of  IntelliLoft[®]

By using our

recycled fibers, West Paw has diverted over **5.4 million** plastic bottles from landfills!

friendly.™
