

Made in the USA

Recycled meets Cuddly-Chic

Owl Toy
(used to be a soda bottle)

Eco Slumber Bed
(large used to be 73.8 bottles)

IntelliLoft® Recycled Fibers:

Who knew plastic bottles could be so cuddly? West Paw Design eco beds & plush toys are stuffed with IntelliLoft® recycled fiber fill, keeping things safe & sound for paws and Earth. Using IntelliLoft fabrics allows us to divert over 5.4 million plastic bottles from landfills, and the recycling process also consumes eight times less energy than producing virgin fibers. Now that's some good stuff.

Everyday friendly.™
